SUMMARY

The work programme is a standing item at all meetings and as agreed by committee, the performance monitoring be provided each quarter to support committee's consideration of possible future reporting.

As the Committee is fully aware, one of its core functions is scrutinising the Council's performance in relation to Corporate Priority 1 – Prosperity and Corporate Priority 3 – Place.

Quarter 3 performance information is now available for these two priorities and is set out at appendix A of this report and will be presented by the IT and Transformation Manager.

Following committees questioning in respect of the performance reporting, members should then consider the updated work programme at appendix B of the report, with a view to scheduling reports for forthcoming meetings.

RECOMMENDATIONS

That Committee members asked to review the performance data attached at Appendix 1 and consider if any future scrutiny is necessary on any subject identified. All members may request a report on any subject matter pertinent to this committee's remit directly to the Chairman or the clerk.

REASONS FOR RECOMMENDATIONS

Given that the remit of this Committee is the scrutiny of Corporate Priorities **CP1 - Prosperity and CP3 - Place**, regularly reviewing performance in these areas and deciding whether it leads to the need for further scrutiny demonstrates robust and proper governance.

ALTERNATIVES CONSIDERED

Not to consider the performance reporting. Not to schedule reporting onto the work programme.

There are no financial implications associated with this scrutiny report.
