SOUTH & EAST LINCOLNSHIRE COUNCILS PARTNERSHIP

# ANNUAL DELIVERY PLAN 2022/2023

Version 0.3

## South and East Lincolnshire Councils Partnership - Introduction

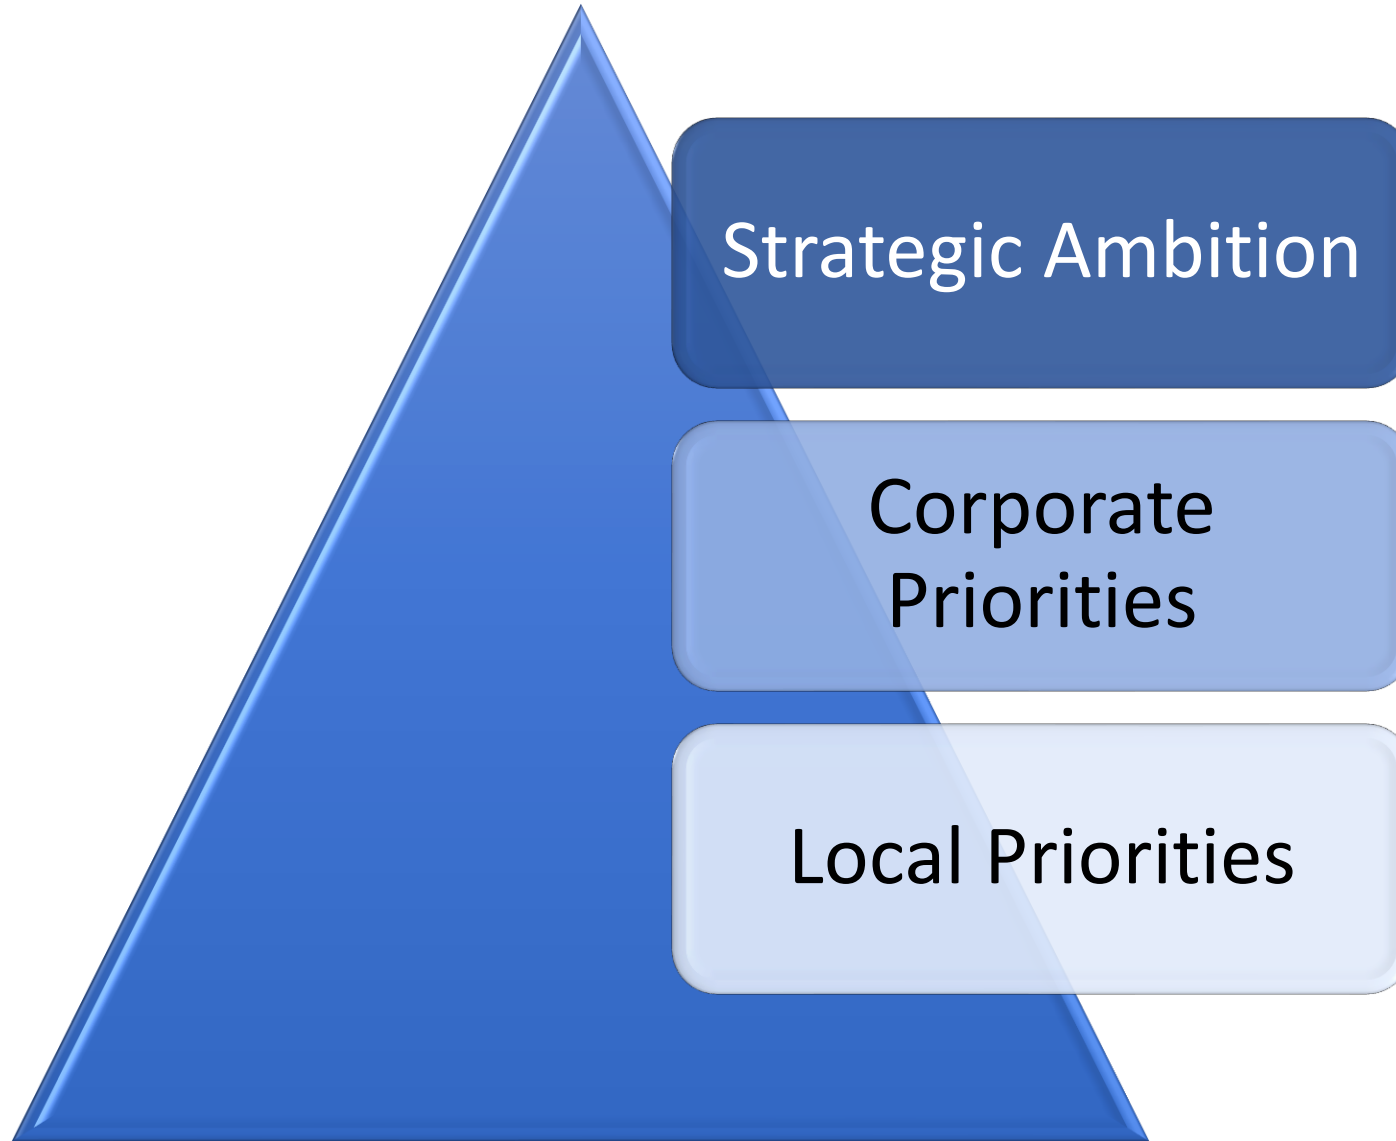

**The Councils need to agree an Annual Delivery Plan for the following key reasons:-**

- To provide direction for Members and Officers;
- To deliver on the agreed Partnership priorities, both financial and non-financial; and
- To help direct and manage resources effectively and efficiently across the partnership.

### Strategic Ambition

- **Strategic** – a focus on the priorities with our external partners within Lincolnshire and nationally;
- **Corporate** – a focus on the priorities within the partnership across the three partnership councils (including companies); and
- **Local** – a focus on the priorities for each of the sovereign councils.

### Strategic Programme

- The following slides identify the Delivery Plan for 2022/23 to support the Partnership in delivering on its priorities, as well as sovereign Council ambitions.
- This slide highlights the strategic opportunities for the partnership as already agreed by Council.

### The Strategic Programme (Top Ten) for the South and East Lincolnshire Councils Partnership:-

1. Strategy platform for the Partnership focussing on improving outcomes for all communities across the sub-region (early focus on Transport and Infrastructure and Health & Wellbeing);
2. The strategic case for Devolution for the sub-region;
3. Piloting opportunities with Government (Levelling Up Agenda – Education and Skills, Housing, Health);
4. Place-based regeneration, including supporting infrastructure, across the sub-region of South and East Lincolnshire;
5. Joint approach to the Internal Drainage Boards;
6. Co-ordinated partnership response to the Environment Act 2021;
7. Health and Leisure offer across the sub-region;
8. Shared Service Opportunities across the partnership, including our strategic partnership with PSPS Ltd, to improve service efficiency and effectiveness;
9. Workforce Development Strategy for the partnership; and
10. ICT Strategy for the partnership.
