details of representation.....

I am ~~25~~ years old and the disturbance caused by the loud music coming from the club next door to my apartment would effect my sleep and well being.

I can tolerate it until 11pm but after that would be a nuisance, its not just the loud music but the customers come out to smoke and can get quite noisy which is right under my apartment windows for this to go on for longer than it does now would be intolerable.

If possible please suggest any solution that would resolve the problem mentioned above, again paying attention to the licensing objectives

Keep the license for music as it is now too
11 pm only.

details of representation.....

Living next door to ABBOUR CLUB, there is no downstairs to the club, so all their events are held upstairs, which is only ~~three~~ three feet away from ~~the~~ where I live. The windows are so close to me that I could possibly reach out and touch. So that means that all music would be through these windows (no double glazing, both buildings are listed) I do not wish to be kept awake all night as I am nearly ~~blind~~ at the moment the music is still eleven at night, which is intolerable

If possible please suggest any solution that would resolve the problem mentioned above, again paying attention to the licensing objectives
