#### **SUMMARY**

This report sets out the areas of pressure that will be considered as part of this year's budget setting process, the details of the Councils Provisional Funding Settlement and gives delegated authority to the Portfolio Holder for Finance to approve commencement of the Councils Budget Consultation. The report also includes the proposed level of Council Tax for 2023/24.

It is expected that efficiencies will be required to support the MTFs which is being finalised for consultation.

Cabinet are asked to consider the attached report.

#### **RECOMMENDATIONS**

1. That Cabinet delegates approval of the commencement of the budget consultation to the Portfolio Holder for Finance in consultation with the Deputy Chief Executive – s151 officer.

#### **REASONS FOR RECOMMENDATIONS**

To comply with the budgetary and policy framework.

## **OTHER OPTIONS CONSIDERED**

To not commence budget consultation.

### **1. BACKGROUND**

- 1.1. This year's budget is being set within a background of unprecedented inflationary pressures and significant changes in resident, customer and business needs. Despite these challenges the Council's financial position means that it is well placed and able to take a considered approach to mitigating these exceptional challenges. In addition the Council has been and continues to be successful in drawing in significant capital and revenue investment for the area.
- 1.2. Due to the complex financial environment the budget consultation document is still being finalised and delegated authority is sought for the Portfolio Holder for Finance to approve its release for consultation.

### **2. Key Budget Pressures**

- 2.1. Identified below are major changes and key pressures that are being included within the proposed budget:
  - A pay award for 2022/23 was agreed in November 2022 averaging 5% across the pay spine. For 2023/24 a 5% award has been assumed, this allowance will be held corporately and adjusted to any savings target should it be settled at a lower level. This is one of the most significant impacts in the budget.
  - Pension contributions will be 23.6% in 2023/24 with an additional lump sum amount payable towards the deficit on the pension scheme. This rate is applied only to those staff in the local government pension scheme. The pension contribution rate is assumed to stay at 23.6% throughout the life of the MTFs. The lump sum towards the deficit is confirmed for 2023/24.
  - The return on cash investment reflects recent increases to Bank of England base rates which has increased significantly from the recent historic low levels. A further meeting of the MPC is on Thursday 2<sup>nd</sup> February.
  - Electricity and gas costs have been inflated for 2023/24 as a result of increased wholesale prices.
  - Vehicle fuel costs have also experienced inflationary pressures.
  - Increased contract costs are similarly a feature of the budget albeit officers and members are working closely to seek to manage these implications and impacts.

### **3. Council Tax & Business Rates**

- 3.1. The previous Medium Term Financial Strategy (MTFS) committed to a Council Tax increase in line with the maximum allowed under the recent Local Government Settlement, for BBC in 2023/24 this is a £6.03 increase (3%) and will generate a yield of £167,491. The increase is reflected through the life of the MTFs.

3.2. The tax base projections for 2023/24 indicate growth of 301 band D equivalent properties or 1.50%. Future growth has been projected at 1.50%.

### 3.3. Business Rates

3.4. Business rates information is not yet available as a result of a number of changes including the inflation measure used to increase the local government funding amount within the Settlement Funding Amount using the CPI September indicator 10.1% instead of the RPI September Indicator (12.6%).

3.5. PSPS Revenues & Benefits are also awaiting the implementation of the CAPITA Software update which will be used to produce the 2023-24 NNDR1 information that will calculate the councils share of Business Rate income for the year.

3.6. The National Non-Domestic Rates Form (NNDR1) production is now particularly important in terms of changes to the business rate yield which heavily influences not just our own budgets but also the Pool we are part of within Lincolnshire and significantly the County Council. This is an area of significant focus as we seek to understand the changes within the yield particularly as a result of Covid and changes as result of the Business rate revaluation 2023.

## 4. Local Government Settlement

4.1. The provisional local government settlement delivered on 19th December 2022 provided the following support:

Local Government Provisional Settlement Information	Boston Borough Council		
	2022/23 Budget	2023/24 Provisional Settlement	Difference 22/23 - 23/24
	£'000	£'000	£'000
Revenue Support Grant	323	433	110
Rural Services Delivery grant	89	89	0
Lower Tier Services Grant	124	0	-124
Service Grant	186	105	-81
<b>Sub Total</b>	<b>722</b>	<b>627</b>	<b>-95</b>
Funding Guarantee (3%)	0	472	472
<b>Sub Total</b>	<b>722</b>	<b>1099</b>	<b>377</b>
New Home Bonus	697	288	-409
<b>Total Funding</b>	<b>1,419</b>	<b>1,387</b>	<b>-32</b>

4.2. The 2023-24 local government finance settlement is for one year only and is based on the Spending Review 2021 (SR21) funding levels, updated for the 2022 Autumn Statement announcements. The main points are set out below:

- The Funding Guarantee replaces the Lower Tier Services Grant. This grant is intended to provide a funding floor for all local authorities, so that no local authority would see an increase in Core Spending Power that is lower than 3%, before any decisions about organisational efficiencies, use of reserves or council tax levels are taken.
- Revenue Support Grant has been increased in line with what would have been the increase to the multiplier; there have also been existing grants rolled into the RSG amounts.
- Local Government Funding Reform – As per the published Policy Statement, the Review of Relative Needs and Resources ('Fair Funding Review') and a reset of Business Rates growth will not be implemented in the next two years.

## 5. Internal Drainage Boards

5.1. Internal Drainage Board (IDB) levy increases have not yet been finalised but are expected to be very substantial increases on previous years due to the extensive use of power and fuel for the activities that these organisations undertake. The Council is liaising with the local Internal Drainage Boards who have been trying to limit future increases where possible but proving impossible with the increases in power costs being experienced. Significant representations have been and continue to be made to government due to the substantial loss of income to the Council, as this was previously funded through Revenue Support Grant (RSG). This embedded levy can no longer be afforded having a significant impact every year that passes, on the ability of the Council to finance the services it is providing and putting it at a disadvantage to the majority of the Councils in England, with only a handful of councils impacted upon in this way.

## 6. BALANCING THE BUDGET

6.1 In terms of balancing the budget the following areas have been identified as key areas of focus for members consideration:

### Short Term

- The potential use of reserves to support one off pressures and for invest to save initiatives;
- Use of the New Homes Bonus to support the revenue account whilst medium term activity is actioned;
- Continued work to engage on the Internal Drainage Board financing challenge;
- Review of all new pressures and service budgets to consider efficiency opportunities and alternative options.

### Medium Term

- Work with PSPS in terms of its transformation plans for the future;
- Driving transformational change using the SELCP sub-regional partnership as a driver for innovation and efficiency.
- Reviewing all assets to maximise income and efficiency of use.
- Delivering and supporting economic growth
- Reviews of fees and charges in light of inflationary increases in costs, where appropriate;

6.2 Detailed efficiency and transformation plans are being put together for members consideration as part of this budget setting process.

## **7. CONCLUSION**

7.1. Extensive work is underway to finalise the budget working with our key Partner in the provision of this service PSPS Ltd. In order to facilitate the release of the budget for consultation prior to detailed consideration by the Cabinet in February
