

REPORT TO:	Audit and Governance Committee
DATE:	13th March 2023
SUBJECT:	Q3 Treasury Management Update 2022/23
PURPOSE:	To provide Members with an update on Treasury Management performance and activity to ensure best practice is maintained,
KEY DECISION:	No
PORTFOLIO HOLDER:	Councillor Noble - Portfolio Holder for Finance
REPORT OF:	Christine Marshall – Deputy Chief Executive (Corporate Development) & S151
REPORT AUTHOR:	Sean Howsam (Interim Treasury & Investments Manager PSPSL)
WARD(S) AFFECTED:	None directly
EXEMPT REPORT?	No

SUMMARY

Attached at **Appendix A** is the Q3 Treasury Management Report on the Council's "Treasury Management Strategy Statement and Annual Investment Strategy". It covers the following areas;

- An economic update for the first three quarters of the 2022/23 financial year;
- The outlook for the remainder of the financial year along with interest rate forecasts;
- A review of the Treasury Management Strategy Statement and Annual Investment Strategy;
- A review of the Council's investment portfolio for 2022/23;
- A review of the Council's borrowing strategy for 2022/23;
- Debt rescheduling;
- Compliance with Treasury and Prudential indicators.

This Report refers to a key element of the Council's Governance Framework and represents an important contribution to the evidence trail in support of the Annual Governance Statement 2022/23.

RECOMMENDATIONS

It is recommended that Members of the Audit and Governance Committee receive and review the contents of the report attached at **Appendix `A`**.

REASONS FOR RECOMMENDATIONS

The CIPFA Code of Practice for Treasury Management suggests that members should be informed of Treasury Management activities at least twice a year. This report therefore ensures this Council is embracing Best Practice in accordance with CIPFA's revised Code of Practice.

OTHER OPTIONS CONSIDERED

As this is an update report there are no other further options for consideration.

1. BACKGROUND

- 1.1** The Council operates a balanced budget, which broadly means cash raised during the year will meet its cash expenditure. Part of the treasury management operations ensure this cash flow is adequately planned, with surplus monies being invested in low risk counterparties, providing adequate liquidity initially before considering optimising investment return.
- 1.2** The second main function of the treasury management service is the funding of the Council's capital programme. The capital programme provides a guide to the borrowing need of the Council, essentially longer term cash flow planning to ensure the Council can meet its capital spending requirements. This management of longer term cash may involve arranging long or short term loans, or using longer term cash flow surpluses, and on occasion, any existing debt may be restructured to meet Council risk or cost objectives.
- 1.3** Accordingly treasury management is defined as:

"The management of the local authority's borrowing, investments and cash flows, including its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks".
- 1.4** The risks around investments have always been managed effectively by the Council.
- 1.5** During 2018/19 the Council completed its purchase of property funds, the purchase of the fund units has significantly increased investment returns to the Council.

2. REPORT

- 2.1 This report provides the 2022/23 Quarter 3 update on the Council's "Treasury Management Strategy Statement and Annual Investment Strategy" (**Appendix A**).
- 2.2 The Chartered Institute of Public Finance and Accountancy (CIPFA) issued the revised Code of Practice for Treasury Management in 2021.
- 2.3 The Code suggests that members should be informed of Treasury Management activities at least twice a year. This report therefore ensures this Council is embracing best practice in accordance with CIPFA's revised Code of Practice.
- 2.4 The Council's 2022/23 budget for investment income is £748k net of fees. At the end of December 2022 investment income earned was estimated to be approximately £763k, which was £200k above the profiled budget on a straight line basis. This figure is still an estimate as the actual returns on all property funds to December 2022 are not likely to be known until late March 2023.
- 2.5 The average level of funds available for investment purposes during the first three quarters of the financial year was £29.0m excluding property fund investments.
- 2.6 Treasury investments achieved an average rate of 1.382% compared to the benchmark average 3-month Sterling Overnight Index Average (SONIA) rate of 2.284%.
- 2.7 Property fund investments are estimated to have achieved an average net rate of 3.35%.
- 2.8 The combined rate achieved on all investments is estimated to be approximately 2.14%.
- 2.9 The outturn for investment income for 2022/23 is forecast to be £1.074m which would be £326k above budget. This will be monitored on a monthly basis to reflect changing market conditions.
- 2.10 The Council's property fund investments made an estimated contribution to the Council's 2022/23 revenue account of £461k after fees and the combined Net Asset Value of the funds have fallen by 15.56% from the 31 March 2022 valuations. A full analysis of the Council's property fund investments can be found in Section 4 of **Appendix A**.
- 2.11 The projected outturn for borrowing costs for 2022/23 is £493,638 which is in line with the budget.
- 2.12 The Council's Investment Policy and Strategy is kept under constant review with the aim of balancing risk and reward. The investment criteria agreed for 2022/23 permitted investments with banks whose parent bank originates from a country with a sovereign rating of A+ or higher and meets Link Groups counterparty investment criteria.

3. CONCLUSION

- 3.1** This report provides an update on treasury management performance to Members to ensure Best Practice is maintained as required by CIPFA Code of Practice for Treasury Management.

None

CONSTITUTIONAL AND LEGAL IMPLICATIONS

The General Power of Competence in the Localism Act 2011 allows Councils a broad freedom in their operations.

Councils have the general power to borrow under Section 1 of the Local Government Act 2003.

The power to invest is set out in the Local Government Act 2003, Section 12, which gives the Council the power to invest for any purpose relevant to its functions under any enactment, or for the purposes of the prudent management of its financial affairs.

The power that allows councils to spend for capital purposes is included in the Local Government Act 2003.

DATA PROTECTION

None

FINANCIAL

The financial implications are covered in detail in **Appendix A** to this report and in section 2 above.

By making the investment criteria relating to financial institutions stringent, the Council receives lower rates of return. The Council therefore aims to strike a balance between risk and reward when considering its portfolio of investments. Treasury Management is a key financial consideration for the Authority especially in respect of its investment returns and Capital Programme.

RISK MANAGEMENT

The Code of Practice sets out the framework for controlling the risks associated with treasury management decisions for borrowing and investing. Ultimately investment and borrowing decisions

are made in accordance with the Council's Treasury Management Strategy. The overriding priority is that the security of a deposit takes precedence over a return on investment.

The Prudential and Treasury Indicators control the limits for investing and borrowing, to ensure that any borrowing is affordable and sustainable and long term borrowing is for capital purposes only.

STAKEHOLDER / CONSULTATION / TIMESCALES

The Portfolio Holder for Finance is briefed on treasury performance on a regular basis as part of the monthly portfolio meetings.

REPUTATION

The security of investments is the Council's main priority when investing surplus cash.
