WARD(S) AFFECTED:	All

SUMMARY

When the South & East Lincolnshire Councils Partnership formed, the Business Case identified opportunities for greater alignment and closer working on a range of strategic issues that are common for each Council area within the sub-region.

Each of the Councils existing Corporate Strategies are reaching the end of their life, or are due for review, and Councillors previously approved (via the Annual Delivery Plan) the development of a Sub-regional Strategy to replace the existing Corporate Strategies.

As well as identifying the sub-regional strategic priorities going forward, the proposed Strategy (Appendix A) also identifies specific priorities where these are a matter of importance to one sovereign Council within the Partnership.

Moving to a single Sub-regional Strategy further cements the positive joint working between the three Councils and positions the Partnership well for the future.

The emerging Strategy has been developed by officers in consultation with Members and consultation remains ongoing.

The purpose of bringing the proposed Strategy to scrutiny is to seek formal member input before it is finalised and brought forward for approval. Council is the decision maker.

RECOMMENDATIONS

- That the Committee provides its comments to support the development of the emerging South & East Lincolnshire Councils Partnership Sub-regional Strategy.

REASONS FOR RECOMMENDATIONS

The opportunity to align strategic priorities across the Councils through a single Sub-regional Strategy provides a Partnership platform to further realise the benefits of collaborative working.

Having the single Strategy would demonstrate to external partners our alignment in key areas and collective focus on addressing the issues of strategic importance to our sub-region. This will be particularly helpful when engaging with Government and funders.

Scrutiny is an important part of the governance arrangements across the Partnership Councils, so scrutiny input is required to support this Strategy's development.

OTHER OPTIONS CONSIDERED

Do nothing. It has already been agreed by Councillors, via the Annual Delivery Plan, that a Sub-regional Strategy for the Partnership should be developed. As such, this option was discounted.

1. REPORT

- 1.1. The Partnership Business Case identifies the issues of common importance and the opportunities that would be secured through the formation of the South & East Lincolnshire Councils Partnership.
- 1.2. Since the Partnership formed in 2021 the Councils have achieved a significant amount together – including external funding, financial efficiencies/savings, shared service opportunities and greater engagement with strategic partners. The collective voice of the Partnership has resulted in greater influence for our Councils with external partners at a regional and national level.
- 1.3. In the approved 23/24 Partnership Annual Delivery Plan, each Partnership Council supported the development of a Sub-regional Strategy. The Sub-regional Strategy would replace existing Corporate Strategies at each Council, which are either approaching the end of their life or are due for review.
- 1.4. The proposed Sub-regional Strategy – at Appendix A – builds on the Partnership business case and identifies priorities for the Partnership going forward and the outcomes that should be expected for the sub-region. The strategy, if approved, would guide the activities that are brought forward in the Partnership Annual Delivery Plan in future years.

2. EVIDENCE BASE/CONSULTATION

- 2.1. Engagement sessions have been held with Councillors and Corporate Management Team in August and September to feed in to the early draft structure and content.
- 2.2. We have looked at the previous priorities and plans, the Indices of Deprivation, data from the Partnership business case, the latest census data, the Lincolnshire Digital Health Toolkit ranking digital exclusion, the Levelling Up White Paper data and Office of Local Government (OFLOG) data to form the evidence base.
- 2.3. A first draft of the structure and indicative content of the document is attached at Appendix A.

2.4. The proposed priorities are:

2.5. Public and stakeholder consultation will take place in October to test the proposed priorities and outcomes. This will include consultation with businesses and with town and parish councils and with the wider workforce.

2.6. The next draft of that Strategy will then come forward to Cabinet on 25th October and to Council on 13th November for sign off.

3. CONCLUSION

3.1. Scrutiny Committee is asked to provide its views on the matters raised in this report, recognising the importance of this document to sub-region and sovereign Councils.
