RECOMMENDATIONS

It is recommended that Members of the Audit and Governance Committee receive and review the contents of the report attached at **Appendix A**.

REASONS FOR RECOMMENDATIONS

The CIPFA Code of Practice for Treasury Management suggests that members should be informed of Treasury Management activities on a quarterly basis. This report therefore ensures this Council is embracing Best Practice in accordance with CIPFA's revised Code of Practice.

OTHER OPTIONS CONSIDERED

As this is an update report there are no further options for consideration.

1. BACKGROUND

1.1 The Council operates a balanced budget, which broadly means cash raised during the year will meet its cash expenditure. Part of the treasury management operations ensure this cash flow is adequately planned, with surplus monies being invested in low risk counterparties, providing adequate liquidity initially before considering optimising investment return.

1.2 The second main function of the treasury management service is the funding of the Council's capital programme. The capital programme provides a guide to the borrowing need of the Council, essentially longer term cash flow planning to ensure the Council can meet its capital spending requirements. This management of longer term cash may involve arranging long or short term loans, or using longer term cash flow surpluses, and on occasion, any existing debt may be restructured to meet Council risk or cost objectives.

1.3 Accordingly treasury management is defined as:

“The management of the local authority's borrowing, investments and cash flows, including its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks”.

1.4 The risks around investments have always been managed effectively by the Council.

2. REPORT

2.1 This report provides the 2023/24 Quarter 3 update on the Council's “Treasury Management Strategy Statement and Annual Investment Strategy” (**Appendix A**).

2.2 The Chartered Institute of Public Finance and Accountancy (CIPFA) issued the revised Code of Practice for Treasury Management in 2021. The Code suggests that members should be informed of Treasury Management activities at least quarterly. This report therefore ensures this Council is embracing best practice in accordance with CIPFA's revised Code of Practice.

- 2.3 The Council's 2023/24 net budget for investment income is £1.462m. At the end of December 2023 net investment income earned was estimated to be approximately £1.687m ,which was £589k above the profiled budget on a straight line basis.
- 2.4 The average level of funds available for investment purposes during the first quarter of the financial year was £47.9m including property fund investments .
- 2.5 Treasury investments achieved an average rate of 5.09% compared to the benchmark average 3-month Sterling Overnight Index Average (SONIA) rate of 5.310% and property fund investments achieved an average rate of 3.99%. The combined rate achieved on all investments was 4.68%.
- 2.6 The outturn for investment income for 2023/24 is forecast to be around £2.211m. This will be monitored on a monthly basis to reflect changing market conditions.
- 2.7 Following the repayment of PWLB borrowing the projected outturn for borrowing costs for 2023/24 is £311k which is £182k below budget.
- 2.8 The Council received a discount of £6.417m when it repaid its PWLB borrowing of £15.449m. Under accounting regulations this discount is allocated to revenue over a ten year period so £306k will be credited to the 2023/24 financial year.
- 2.9 The table below provides an overall summary for 2023/24.

	2023/24 Profiled Q3 Budget	2023/24 Quarter 3 Actual	2023/24 Annual Budget	2023/24 Forecast Outturn	2023/24 Variance
Net Investment Income	(1,098,497)	(1,687,350)	(1,462,000)	(2,211,418)	(749,418)

Less: Total Borrowing Costs	367,141	343,060	493,640	311,349	(182,291)
Overall Net Position	(731,356)	(1,491,979)	(968,360)	(2,205,996)	(1,237,636)

The forecast net position for 2023/24 is £2,205,996 compared to the budget of £968,360. This is an overall forecast surplus of £1,237,636 for the 2023/24 financial year.

2.10 The Council's Investment Policy and Strategy is kept under constant review with the aim of balancing risk and reward. The investment criteria agreed for 2023/24 permitted investments with banks whose parent bank originates from a country with a sovereign rating of A+ or higher and meets Link Groups counterparty investment criteria.
