SUMMARY

In May 2024, Boston Borough Council welcomed Peers from the Local Government Association (LGA) to undertake a Corporate Peer Challenge.

This report brings forward the findings from the Corporate Peer Challenge (Appendix A) and the Council's proposed action plan for scrutiny (Appendix B).

RECOMMENDATIONS

1. To note the Corporate Peer Challenge findings (Appendix A).
2. To provide feedback on the proposed action plan at Appendix B.

REASONS FOR RECOMMENDATIONS

To provide an opportunity for scrutiny of the action plan prior to it being presented to Cabinet.

OTHER OPTIONS CONSIDERED

None

1. Report

- 1.1** In mid-2023, Boston Borough Council (BBC) was approached by the Local Government Association (LGA) with a view to confirming timescales for the next Corporate Peer

Challenge for the Council. Councils undergo a Peer Challenge from the LGA every few years to support their improvement and development.

- 1.2 The BBC Corporate Peer Challenge took place between 14 and 16 May 2024, with Peers on site at Municipal Buildings each day.
- 1.3 The Peer Challenge process involved Peers from other Councils – both Councillors and Officers – visiting BBC to meet with Partners, Councillors and Officers, to form a view of the Council’s position on the following themes:

- Local priorities and outcomes
- Organisational and place leadership
- Governance and culture
- Financial planning and management
- Capacity for improvement
- The Council’s approach to physical asset
- Corporate Strategy and Cultural Change

At the request of the Council, the Peers also explored organisational sustainability and looked at the role of scrutiny and how this could be strengthened.

- 1.4 In advance of the Challenge a detailed evidence base and position statement were submitted to the LGA to support the process. This provided pre-reading for the Peers to enable them to hit the ground running when on site.
- 1.5 The findings and recommendations from the Corporate Peer Challenge are attached at Appendix A.
- 1.6 The proposed action plan in response to the recommendations is attached at Appendix B.
- 1.7 The joint meeting of Corporate and Community and Environment and Performance Scrutiny Committees is asked to note the findings and provide its feedback on the action plan.

LINKS TO 12 MISSIONS IN THE LEVELLING UP WHITE PAPER

MISSIONS	
This paper contributes to the follow Missions outlined in the Government's Levelling Up White paper.	
Living Standards	By 2030, pay, employment and productivity will have risen in every area of the UK, with each containing a globally competitive city, with the gap between the top performing and other areas closing.
Research and Development	By 2030, domestic public investment in Research & Development outside the Greater South East will increase by at least 40% and at least one third over the Spending Review period, with that additional government funding seeking to leverage at least twice as much private sector investment over the long term to stimulate innovation and productivity growth.

Transport Infrastructure	By 2030, local public transport connectivity across the country will be significantly closer to the standards of London, with improved services, simpler fares and integrated ticketing.
Digital Connectivity	By 2030, the UK will have nationwide gigabit-capable broadband and 4G coverage, with 5G coverage for the majority of the population.
Education	By 2030, the number of primary school children achieving the expected standard in reading, writing and maths will have significantly increased. In England, this will mean 90% of children will achieve the expected standard, and the percentage of children meeting the expected standard in the worst performing areas will have increased by over a third.
Skills	By 2030, the number of people successfully completing high-quality skills training will have significantly increased in every area of the UK. In England, this will lead to 200,000 more people successfully completing high-quality skills training annually, driven by 80,000 more people completing courses in the lowest skilled areas.
Health	By 2030, the gap in Healthy Life Expectancy (HLE) between local areas where it is highest and lowest will have narrowed, and by 2035 HLE will rise by 5 years.
Wellbeing	By 2030, well-being will have improved in every area of the UK, with the gap between top performing and other areas closing.
Pride in Place	By 2030, pride in place, such as people’s satisfaction with their town centre and engagement in local culture and community, will have risen in every area of the UK, with the gap between the top performing and other areas closing.
Housing	By 2030, renters will have a secure path to ownership with the number of first-time buyers increasing in all areas; and the government’s ambition is for the number of non-decent rented homes to have fallen by 50%, with the biggest improvements in the lowest performing areas.
Crime	By 2030, homicide, serious violence, and neighbourhood crime will have fallen, focused on the worst-affected areas.
Local Leadership	By 2030, every part of England that wants one will have a devolution deal with powers at or approaching the highest level of devolution and a simplified, long-term funding settlement.
