RECOMMENDATIONS

1. For the Committee to review the progress made to date as provided in this report and its associated appendix (Appendix A), against the commitments made in the Boston Town Centre Strategy and Action Plan 2023-2027 entitled, "A Town Centre for Everyone."
2. For the Committee to provide feedback to be recommended to Cabinet to be incorporated into the annual review, including any potential other future actions the Committee feel should be built into this work for year two of the strategy/action plan.

REASONS FOR RECOMMENDATIONS

1. The Boston Town Centre Strategy and Action Plan provides a strategic and operational focus on the town centre. This initiative seeks to revitalise the town centre by supporting our communities' pride in the area through targeted work and regeneration activity, working hand-in-hand with businesses, residents and partners.
2. The Boston Town Centre Strategy and Action Plan is a live document which was agreed at the Council's Cabinet on 25th October 2023. Now that it is in place it is important to review and report on progress against the commitments that were made.

OTHER OPTIONS CONSIDERED

1. To not review progress against the Boston Town Centre Strategy and Action Plan 2023-2027. This has been discounted to ensure through a review the commitments made by the Council's Cabinet are delivered against, whilst enabling consideration of any additional actions and challenges with mitigating action/s as appropriate.

1. BACKGROUND

- 1.1 Boston Borough Council is committed to working in partnership with businesses, residents and partners to revitalise the high street and the surrounding public realm and is committed to making the town centre a place to be proud of, a place recognised for its great heritage and a place that is cherished by its diverse communities to work, live and enjoy leisure time in.
- 1.2 The Council sees the importance of the town centre as a key economic hub that supports the vibrancy of this great borough and that it is also a key focal point for those who reside within the area's local neighbourhoods. A Town Centre Strategy and Action Plan for the period 2023-2027 entitled "A Town Centre for Everyone" was agreed by the Council's Cabinet on 25th October 2023. It seeks to better align council service delivery with partners, community representatives and the voluntary and community sector in order to lead a programme of work which ensures that Boston Town Centre is clean and safe, open for business, a great place for culture, heritage and events and a place that is on a very real transformation journey that will ensure present and future generations enjoy the very best that Boston's town centre can provide.
- 1.3 This report provides to Scrutiny a review of year one activity against the Boston Town Centre Strategy and Action Plan 2023-2027 that was agreed by Cabinet on 25th October 2023, in order to support feedback to Cabinet on progress against the commitments made through the adoption of this important document.

2. REPORT

- 2.1 Boston Town Centre is a key economic and social hub for the borough of Boston. Importantly it is a sub-regional retail centre, second in the county to Lincoln that provides retail employment and a variety of visitor attractions. Boston's town centre has like many places suffered in recent times due to a number of factors. However, as a town centre Boston has a lot to offer and the Town Centre Strategy and Action Plan that was adopted in 2023 is a key strategic document that has been developed to help tackle, along with other initiatives, the challenges that are impacting this important place within the borough.
- 2.2 Appendix A of this report provides a monitoring report regarding progress against the Boston Town Centre Strategy and Action Plan for the period 2023-2027. Feedback on progress has been provided throughout the year to a Steering Group, that is Chaired by the Deputy Leader and Portfolio Holder for the Town Centre, supported by the Vice Chair who is the Chair of the Boston Town Area Committee. The Steering Group is supported by key officers from across the Council and partner agencies as appropriate.
